HOOVER HIGH SCHOOL

NORTH CANTON, OHIO

*This was the spirit of Hoover High . . .
From the very first day it surrounded us,
Filling the long halls with laughter
And friendly voices
And slamming locker doors;
The smell of chalk dust
And the sharp crackling of typewriters . . .
This was the atmosphere,
The setting for our production.
Here, working side by side,
We built our dreams, and paved the road
To the future.*

*Slavery at first, but with gathering speed,
The miniature drama of each day
Unfolded before our eyes,
Teaching us to live and love and share . . .
Until at last we stand alone,
Ready to try our wings
On the flight to an adult world.*

*This was the spirit of Hoover High . . .
And how quickly we became a part
Of this spirit
As it became a part of us.*

FOREWORD

We of the Viking year-book staff are pleased to present this edition to you.

To all students and faculty members, we sincerely hope that this book will be a storehouse of memories, capturing one important year of our lives. The staff's purpose has been to portray scenes of the school year which we, as Vikings, will always remember as
The Spirit of Hoover High!

E. R. Malone
Superintendent, North Canton City
Schools

A COMMUNITY PROVIDES FOR ITS YOUTH

Superintendent E. R. Malone's foresight and concern for the community are evidenced by his efforts to maintain a high quality educational system for North Canton youth. His training, experience, and current study provide a foundation for his recognition of educational needs as he keeps in contact with principals, teachers, parents, and the general public.

As head administrator Mr. Malone works directly with the Board of Education, interpreting the needs of the system and aiding them in developing policies which are practical today and flexible enough to meet constant change. A major concern of the group this year is the problem of providing housing for the rapidly increasing school population.

During the school term the Board personnel underwent some changes. As a result of Clerk Morgan Hamlin's resignation, Mr. Robert Braucher resigned his position on the Board to accept the clerkship. J. F. Yonally, DDS, was appointed to fill this latter vacancy.

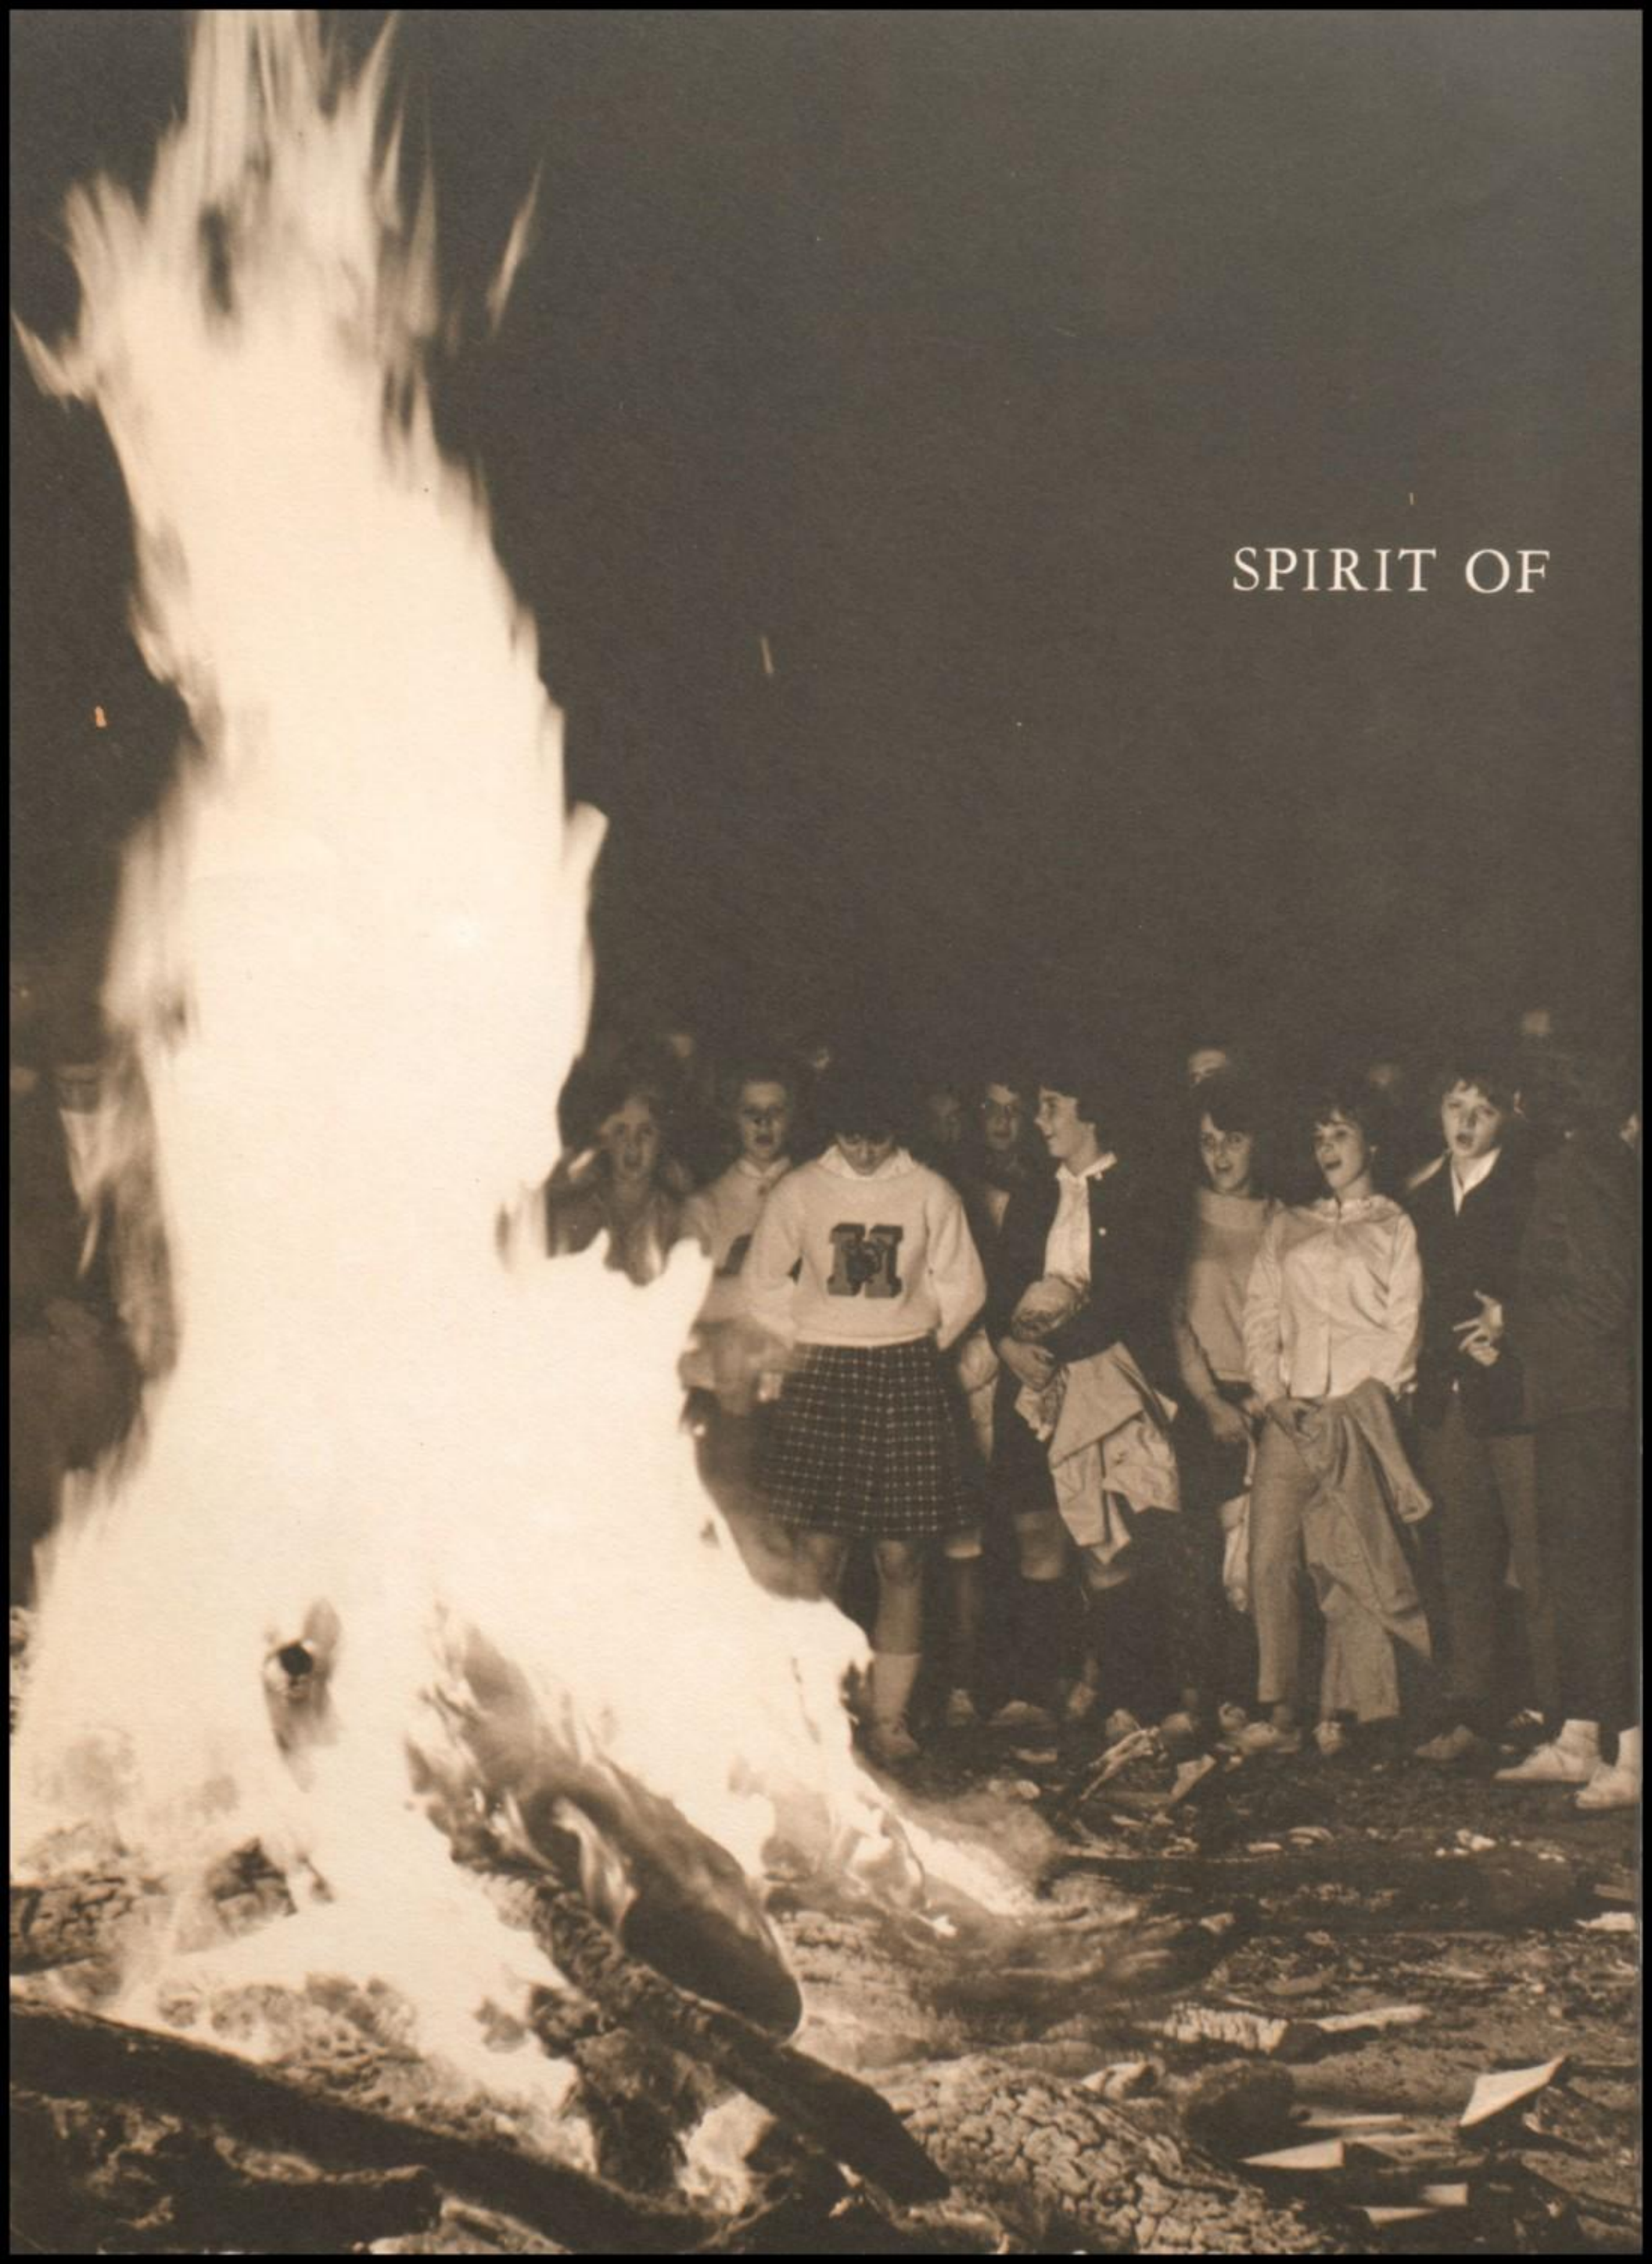

This organization, serving as representatives of the citizens, works with sincere devotion to support and maintain the quality educational system recommended by the administrative staff.

SPIRIT OF

ENTHUSIASM

*In this way we were united . . .
Together we shared the pride and strength
Of youthful enthusiasm.
Familiar faces around a crackling bonfire,
Flushed with excitement and hopes of a victory . . .
Boisterous, cheerful crowds of spectators
Laughing and cheering under the velvet black sky,
Hard-working, determined students
Buckling down to a morning of test questions . . .
Working, playing, sorrowing, rejoicing,
In this way we were united,
And in this way we became as one.*

SPIRIT OF

*Having worked as a team,
We learned to work also as individuals —
And throwing off the bonds of conformity,
We struggled to stand alone and proud,
Yet humble even in victory.*

*Competition throbbed within us
As the pulse of a great and strong body,
And we held our heads high in the face
Of discouragement.*

*Working together, or alone, we strove to be best,
But even when we failed, we knew
That our work was not in vain.*

COMPETITION

SPIRIT OF FRIENDSHIP

*Here was companionship:
 A friend, a teacher, a group
 With whom we could share our problems,
 And having so shared, go-forth with renewed hope.
 A word, a look, a smile —
 These banished the hesitancy of unfamiliarity
 And filled our hearts with the gladness
 Of friendship.
 Laughing and talking and sharing,
 We learned to give of ourselves to others.
 Here was companionship —
 And here memories were born.*

SPIRIT OF FUN

*Some of our school life was earnest,
 Some relaxing;
 Some was exciting and some uneventful —
 But nearly all was surrounded
 With an aura of the spirit of fun.
 Glad was the laughter that we shared so readily
 In pep rally, during lunch hours, after school . . .
 How quickly our problems seemed to diminish
 In the light of cheerful smiles . . .
 With singing hearts, we shared our pleasure
 With others.
 The world was ours, and in the effervescence of youth
 We joyfully accepted it.*

SPIRIT OF LEARNING

Throughout the tangled skein
 Of our daily lives
 Ran a golden thread —
 The thread of learning and accomplishment.
 This was the foundation
 Of all that we did and shared,
 The backbone of our growth
 As citizens of a school and of a community.
 Together we explored Shakespeare's plays,
 Conjugated Latin verbs, extracted square roots.
 The days flew by in a flurry
 Of quizzes, and compositions, and term papers . . .
 Then, suddenly, it was over;
 And, looking back, we marveled at what we had done.

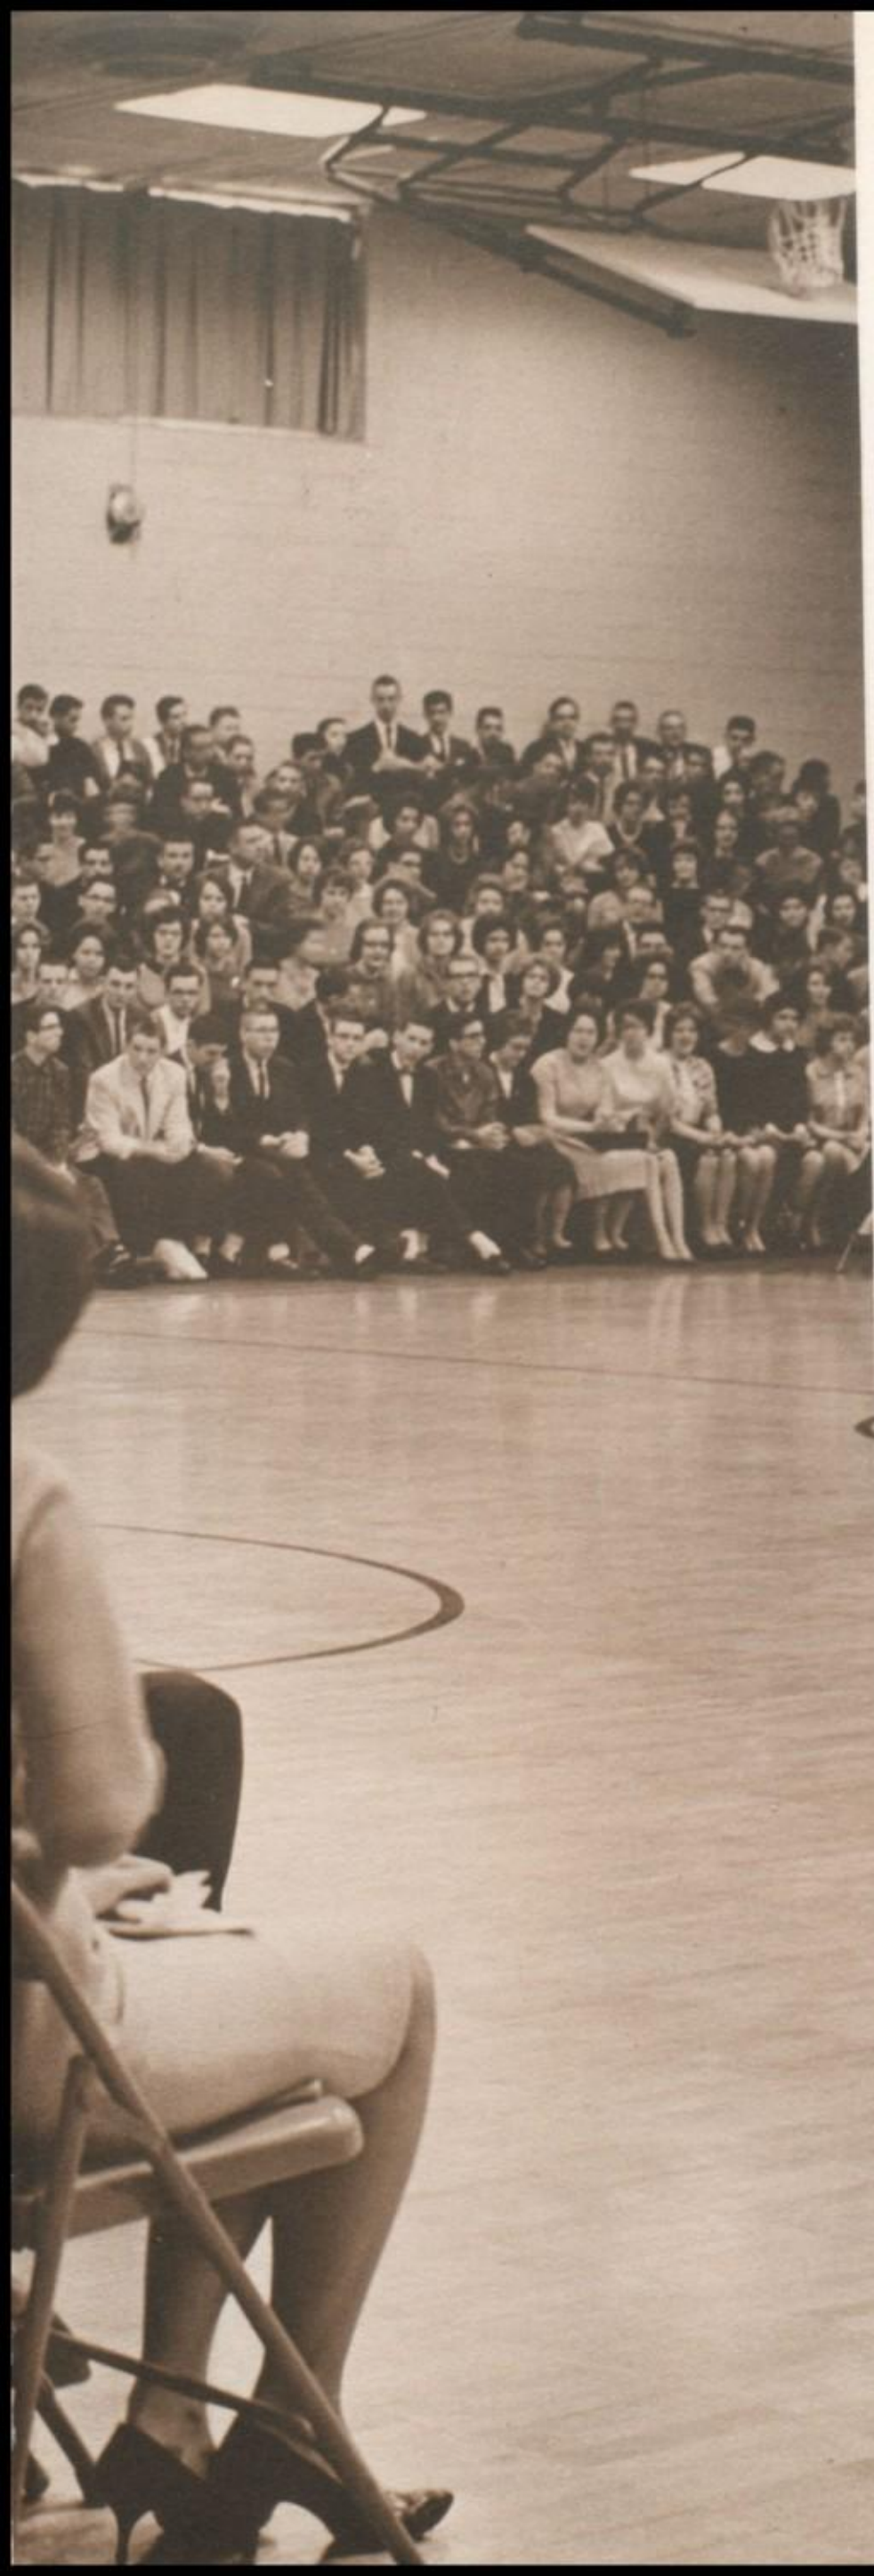

AND SPIRIT OF ACCOMPLISHMENT

*Quickly we learned to share,
And having shared, we began to feel the need
For closer ties . . .
Ties that would enable us to grow
In mind and spirit,
As a group and as individuals . . .
Our need was answered through activities.
Together we danced through a whirl
Of proms and parties;
Through a haze of pink streamers and
Softly colored lights
We spun a magic world, and wove a
Web of silver memories.
In a more sober mood, we pooled
Our talents and skills
To become better citizens.
Our hearts glowed with the candles
At National Honor Society induction,
And we began to look with pride
And a critical eye
At our accomplishments.
And yet material accomplishments were
Overshadowed
By one important fact:
We had grown together
Through the spirit of*

ACTIVITIES

HOMECOMING QUEEN
Terie Patterson

HOOVER HOMECOMING SPELLS HAPPINESS

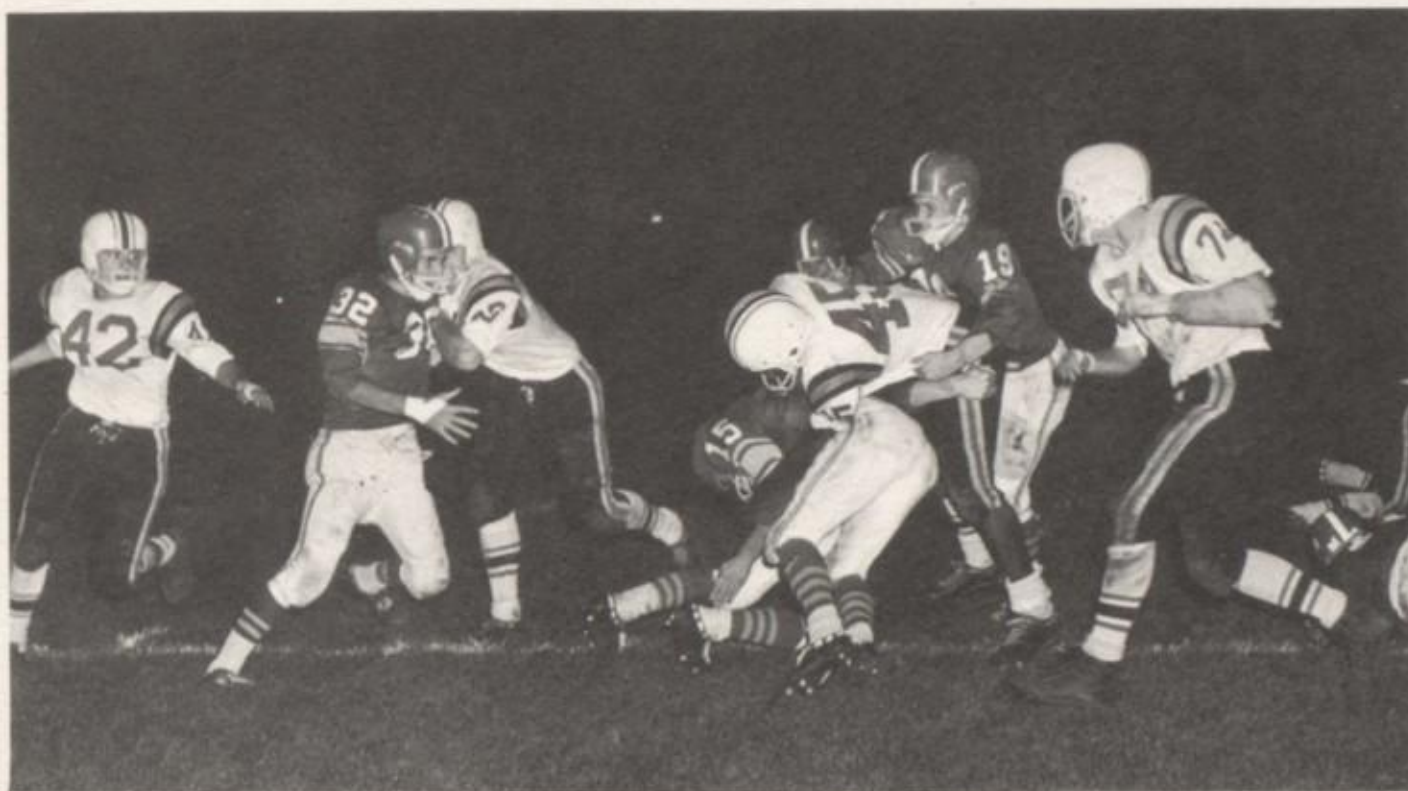

The weekend of October 19 was one of excitement and frenzied activity for students, faculty and alumni as the annual Homecoming renewed our sense of belonging together. The activities began with the selection of the queen and attendants, the Booster Club bonfire, and the spirited pep rally.

The night of the game the queen and her court were presented, and our 1962 Homecoming Queen, Terie Patterson, was crowned by last year's Queen, Karin Zane. In an enthusiastic contest our mighty Vikings were victorious over the Lehman Polar Bears by a score of 20-6.

The Homecoming Dance, honoring our triumphant football team, Queen Terie, and her attendants, was a fitting climax to a memorable weekend.

Bobbie and Sara portray true spirit of the event.

Excitement runs high as the Vikings march to victory.

Cheryl and Betty enjoy the game from their vantage position.

Six sparkling beauties reign: C. Eck, B. Rine, B. Wisniewski, Queen Terie, K. Zane ('62 Queen), S. Zupp. Escorts: G. Gray, B. Lanning, J. Eck, P. Schafer, G. Neuman, J. Hargrove.

AN ORIENTAL ATMOSPHERE

SETS THE SCENE FOR 1962 PROM

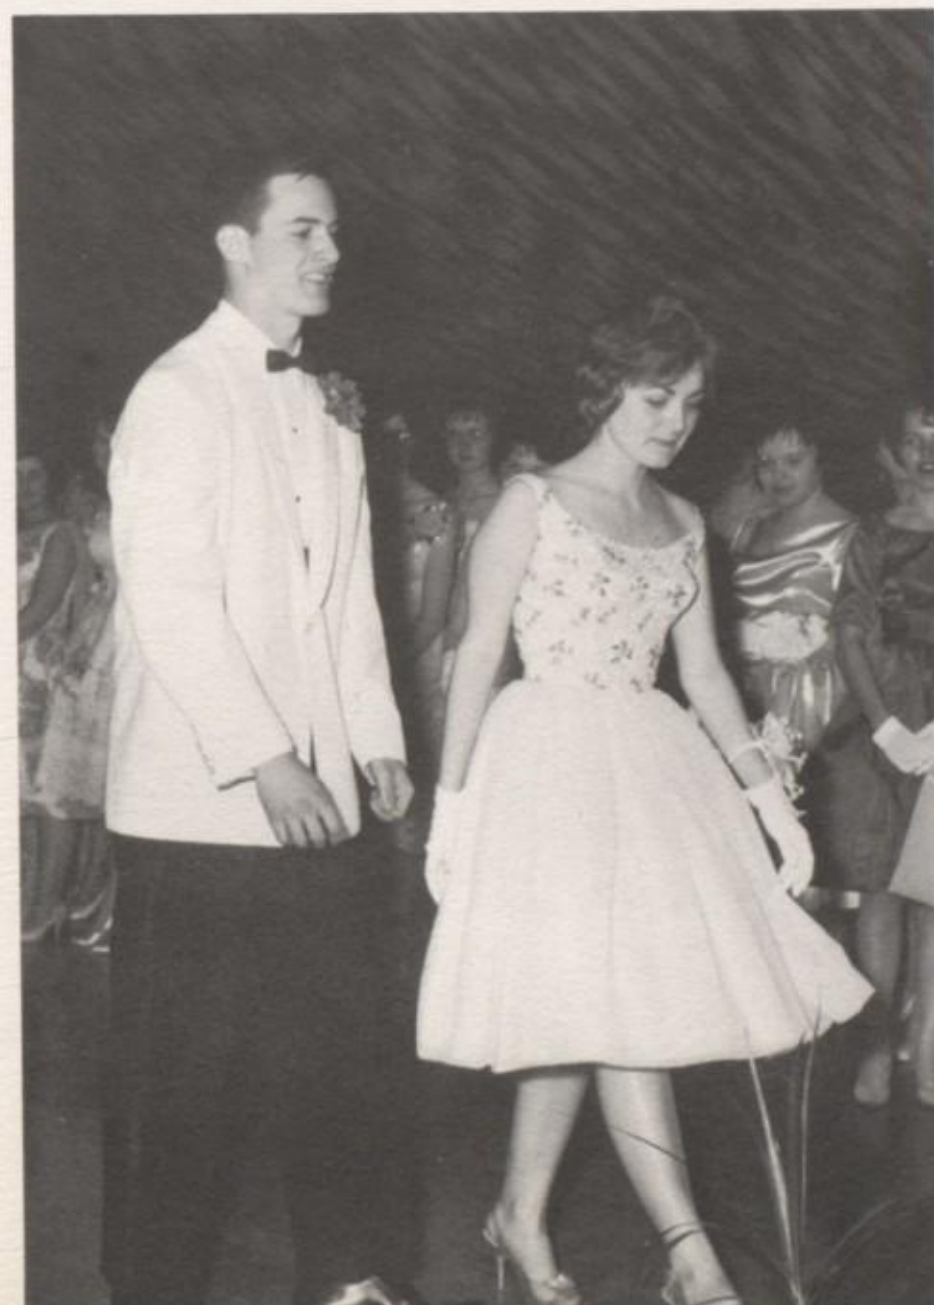

THE COURT AND ESCORTS: William Walworth, Dee Kreighbaum, Gary Neuman, Ed Piper, Peggy Olney, Queen Marie Bowers, Jerry Eck, John McCleaster, Karen McEwen, Sue Hendershot, and Dick Plank.

An oriental atmosphere surrounded the members of the Junior and Senior classes as they entered the beautifully decorated lobby for the 1962 Prom, Shangri-la. The theme of "Shangri-la" was further developed in the gym where a flower-bedecked bridge spanned a goldfish pond at the foot of the queen's throne, and thousands of cherry blossoms festooned the ceiling.

The total effect was a tribute to the Juniors who made it a Prom that is a well-remembered-one that can take you to "Shangri-la."

Centerpiece reflected Oriental magic.

Queen was crowned by Junior Class president, Ed Piper.

Jerry Eck escorts Queen Marie across the bridge to Shangri-la.

Hours of work and preparation establish a dance's true atmosphere.

BAND PROM COURT: D. Bishop, S. Preda, B. Tessmer, S. Trier, L. Sickafoose, T. Peterson, S. Vogel, R. Dunmire, B. Hilscher, G. Gray.

QUEENS REIGN OVER BAND AND SPORTS

Glyn Warstler, Spring Sports Queen

"Hearts and Flowers" greeted band members and their guests as they entered the 1963 Band Prom held February 23 in Hoover's gym. The queen and her court reigned amid an aura of red and white mid-winter atmosphere.

Glyn Warstler was crowned Spring Sports Queen at the dance held May 19, 1962, in Hoover High's gym. A springtime world of white and lavender provided a background for the recognition of Queen Glyn and her attendants, Peggy Olney and Bonnie Smith.

Spring athletes meet their test as twisting takes command.

Fond memories will be sparked by these mementoes of the Spring Sports dance.

COUNCIL REPRESENTS STUDENT OPINION

President Ed Piper presides at all assemblies.

Council members make sandwiches for the basketball team.

The Student Council is the student governing organization of the high school. Members elected in the home rooms by the student body serve to promote better understanding between students and faculty.

Under the direction of Mr. Donald LaHue, planning assemblies, screening cheerleaders, sponsoring Homecoming activities, contributing to charities, and operating the lost and found booth constitute the major functions of the group.

The Student Council Christmas lobby display adds a festive atmosphere to Hoover.

ACADEMICIANS EXCEL

The academic ability of these students reflects the strength of the educational program provided for the youth of North Canton.

The broad testing program planned through the Guidance Department gives opportunity for participation in various scholarship tests. Results from these tests aid students in planning their futures.

Scores achieved in the *Preliminary District Scholarship Tests* taken locally qualified students to represent Hoover at Malone College where the Final District-State Scholarship Test was given all school winners in the district. These were single-subject scholastic achievement tests given at each grade level.

The *National Merit Scholarship Qualifying Test* is the screening device in the National Merit program, which is designed to encourage college attendance by those who excel intellectually. This test is given to all interested juniors during their second semester.

The *General Scholarship Test* was given at the senior level in November. D. Harrison placed 1st in the County and 22nd in the State, while M. Tifft, A. Burkhart, B. Abel and P. Shiltz placed in the County.

Science, mathematics, and bookkeeping district scholarship participants: M. Ballard, J. Smith, M. Butler. ROW TWO: A. Gilbert, R. Harrison, N. Strauch. ROW THREE: D. Bishop, A. Shahan, P. Shiltz, D. Musgrave. ROW FOUR: D. Martin, L. Rainey, D. Hendershot, T. Artzner, G. Grametbauer. Absent: P. Willaman, S. Patterson.

GENERAL SCHOLARSHIP: Donna Harrison, Michael Ross, Larry Jackson, Susan Hendershot, Gary Grametbauer, Phil Shiltz, Ed Piper, Betts Abel, Margaret Tifft, Alan Burkhart.

NATIONAL MERIT SCHOLARSHIP Finalists are P. Shiltz, A. Gilbert, R. Hilscher, M. Tifft, and B. Abel.

Language and history district scholarship participants: V. Martin, S. Markley, J. Lindeman, D. Harrison, A. Goldsmith, P. Myers, P. Lukens. ROW TWO: G. Mallard, J. Wilson, P. Martin, L. Leasure, B. HIGH IDEALS GAIN NATIONAL HONOR

The selective membership to the National Honor Society is judged upon character, scholarship, leadership, and service. The selection of new members is made by teachers and is based upon these four qualities. These new members are tapped at an annual ceremony early in the spring, and the National Honor Society members, under the guidance of Mrs. Jean Arndt, work long and hard in the preparation for this assembly.

This year the membership induction service was held on March 6. Guest speaker was Dr. Igor Nikishin, a Russian doctor, who gave an informative lecture and showed slides of Russia.

Service to the school and community is a major factor of membership. Susan Hendershot, vice president, serves others as a student librarian.

Leadership is an important requirement to be considered. Jerry Eck, president, conducts the National Honor Society tapping ceremony.

Scholarship is a prime requisite for membership. Betts Abel, secretary-treasurer, shows her talents through her National Merit profile.

Character, a student's life-long possession, is weighed heavily by the National Honor Society.

THEY LOOK TO THE FUTURE AS TEACHERS

Grading semester exams is a service offered to the faculty by FTA'ers.

The Future Teachers' Association is organized to interest high school students in teaching as a profession, and to show the members the wide range of opportunities available in the field of education.

Activities of the association this year include members having served as ushers at the East Central Ohio Teachers' Association meeting, visiting college classes, and hearing speakers representative of various teaching fields.

The spirit of fellowship in the club is exemplified by the Christmas gift exchange.

QUILL AND SCROLL HONORS JOURNALISTS

Quill and Scroll, an international society, is designed to recognize journalistic talents displayed by members of the yearbook and journalism staffs. Only juniors and seniors in the upper one-third of their classes are eligible for membership. They must exhibit exceptional interest and ability in creative writing or organization; must be recommended by the journalism instructor or annual staff adviser; and must be approved by the executive secretary of the national society.

SERVICE AND LEADERSHIP DEVELOP CHARACTER

The Hi-Y boys are ready to leave after a fruitful apple-picking session!

The Hi-Y and Tri-Hi-Y Clubs are Y.M.C.A. service organizations which have projects and money-raising events for activities throughout the year. The Clubs have programs covering school spirit, good grooming, and college and job opportunities. They contribute to the World Service Organization.

The Clubs' presidents form the Y-Club Council which organizes the various activities — Sno-Ball, Basketbrawl, and the Variety Show. The money from these projects goes for improvements for the "Y."

All the clubs gather together for the Rededication ceremony.

Tri-Hi-Y members, Lee Blemler, Virginia Moor, and Karin Blomstrand make mouth guards for football teams under the direction of Dentist John A. Smith.

Y-Club Council members: D. Stroia, J. Sexton, S. Vogel, K. Sponseller, J. Pfouts, M. Stevens, G. Givler, C. Mason, D. Williams.

SPONSOR OF THE HI-Y AND TRI-HI-Y

Carol Bream makes athletic events chart for the athletic department in guidance office.

STUDENT ASSISTANTS GAIN SATISFACTION THROUGH SERVICE

Guidance office assistants are D. Stroia, M. Ballard, C. Bream.

Student office assistants have an opportunity to work with adults and learn important office and secretarial skills as they aid their advisers.

Assistants in the Attendance Office collect absence slips and help to record absentees each period. Those students assisting in the Guidance Office perform various duties including typing, filing, and running errands for the department.

Attendance office assistants are K. Marks, S. Woods, B. Hurford, L. Schneider, J. Smith, J. Engle, E. Welling, S. Zupp, T. Treen.

Sara Jane Zupp collects absence slips for the attendance office.

ACTIVITIES BOOST SPIRIT AND PROMOTE COOPERATION

"Mr. Viking" (Randy Hilscher) personifies spirit and enthusiasm of the student body.

The Booster Club added spark and enthusiasm to Hoover High's school spirit this year. Car caravans to games, the personification of "Mr. Viking", the Daisy Mae dance, and the Annual-Signing party were highlights of the Club activities. Members of the Club were under the able leadership of Randy Hilscher and Margot Allensworth. Trudy Treen served as vice-president and Jim Hargrove as treasurer.

Bonfire preceding Lehman football game sparked our team on to victory.

Daisy Mae dance grand march was led by Margot Allensworth and Dennis Anderson.

*Through the spirit of academics
We learned to work together . . .
As one we studied, rehearsed, discussed —
And prepared to face life.*

*Alternately laughing and complaining,
We swam through a maze of Shakespeare,
Frog dissections, and the cosines of x .
Grasping for knowledge
And sharing a collective triumph
As we acquired it.
Our feeling of accomplishment flourished
Whether we painted scenery for a play
Or mastered the tenses of a German verb
Or lifted our hearts with our voices
In the Christmas concert.
These things we will remember,
And cherish always.*

*Much was difficult;
Much more was challenging.
But all was new and exciting
And we drank deeply of it
With the enthusiasm that is youth . . .
All shared
Through the spirit of*

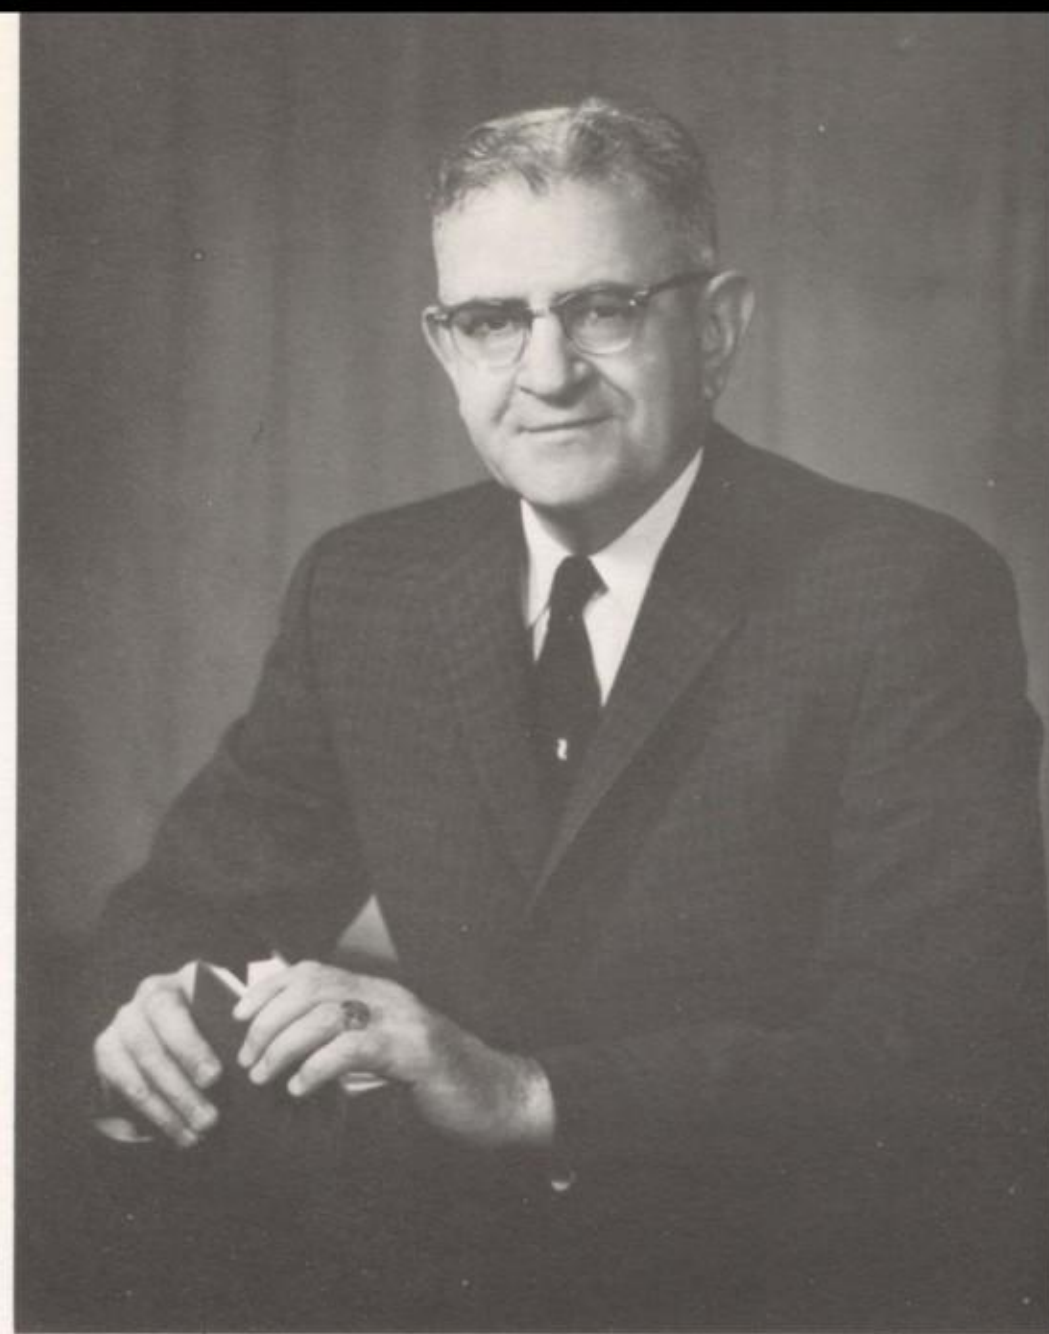

ACADEMICS

H. WAYNE RUSSELL
Principal
A.B., Defiance College
M.A., Ohio State University
Ohio Northern University

Principal H. Wayne Russell is chief co-ordinator of all high school activities. Through experience, diplomacy, and a keen understanding of human nature he has effected a harmonious atmosphere in which all school personnel and students work.

As high school administrator, Mr. Russell strives to maintain a modern and beneficial curriculum which will promote a high degree of excellence among the students. In attaining this product he surveys and evaluates modern trends and opinions of authorities in the field of education. He and his assistants devote much of the summer to planning and scheduling a program to most effectively meet the needs of students.

Parents as well as students and faculty recognize and truly appreciate the efforts of so devoted an educator.

ADMINISTRATION

CORRELATES EDUCATIONAL

In-service training enriches and co-ordinates faculty thinking. Dr. Martha Weber, professor of education and director of the reading clinic at Bowling Green University was guest speaker. She used as her topic, "The Miller Sees Not All the Water That Flows by His Mill".

Public address system provides a means of transferring information.

PRINCIPLES AND PRACTICES

Assistant Principal Don C. LaHue works closely with Mr. Russell in correlating school activities and building a schedule to best accommodate, with facilities at hand, the needs of students.

His daily responsibility as assistant principal is the care of the attendance records. In this position he sometimes finds it necessary to impress upon students' minds the fact that education is a lifelong process which is best attained by one in regular attendance at his assigned post.

Mr. LaHue's specialization in the mathematics field makes him a valuable instructor in the department.

As Student Council Adviser he has won the trust and good will of the students through their work with him in the discussion of possible solutions to problems which arise within the student body.

PAULINE KOLP
Secretarial duties in the guidance and library offices.

VALERIE TUCKER
Secretarial duties in the Board of Education and high school offices.

An invaluable segment of the high school is the secretarial staff.

Miss Mabel Studer, principal secretary of the high school, works closely with Mr. Russell and comes in contact with all students and faculty in performing her responsibilities. The excellent service she renders exemplifies a sincere devotion recognized by all who know her.

Mrs. Kolp has become a vital part of the Guidance Department and Library offices. Her dependability and service are deeply appreciated in both areas.

Mrs. Tucker meets all students going through the lunch line as she performs one of the responsibilities allocated her by Mr. Braucher of the Board of Education office. Her specified duty with the high school offices is work with attendance records. As time permits, personnel of other offices are appreciative of her service.

GUIDANCE

Parent-student conference lights the way
for both present and future planning.

The Guidance Department under the direction of Mr. Richard Armstrong, assisted by Mrs. Berkebile, Mrs. Thyng, and Mr. Earnest, provides invaluable services which touch the life of every student who passes through Hoover High School. Through the guidance personnel freshmen are oriented to high school life; students are advised on personal and various other problems including course selection. A planned program of standardized testing is carried out; interpretations are given to the students as to results of the testing, thereby showing them areas wherein they may be lacking or especially proficient.

The Guidance Department keeps students informed as to entrance requirements of colleges, professional and nursing schools. Testing dates are always announced and followed through. For those not planning further formal education, possibilities and suggestions are given for work opportunities.

All necessary applications and information regarding positions, testing, scholarships, and loans are provided through the main guidance office.

Mrs. Berkebile orients freshmen with the aid of *Student Handbook*.

COUNSELORS AID STUDENTS IN FUTURE

"Where should we go to college?" Guidance counselor, Mr. Earnest, offers pertinent advice.

Group guidance programming permits time for students to improve reading efficiency through the use of mechanical aids directed by the reading instructor, Mrs. Weeks.

Mrs. Thyng gives wise counsel in classroom guidance.

Student assistants render a valuable service. Cheryl Marang added another book to those borrowed from the collection of 5,375.

Fundamentals of library procedure is one phase of the freshman guidance program.

LIBRARIES

The pride of a nation is its wealth of human knowledge made available through various types of libraries. The school library is one of these important centers of learning affecting every department of instruction within the curriculum.

Effective library usage is promoted through the freshman guidance program. As the student is alerted to what libraries have to offer in assistance to his school work and recreational desires, he becomes dependent upon their catalogs of knowledge.

Staffing the library is a full-time librarian, a part-time teacher assistant, and a part-time secretary. The secretary had formal training in library science which enables her to accept duties beyond those of a clerical nature. This year forty-four student assistants devoted their services in circulation desk routines, house-keeping, display-building, and clerical assignments.

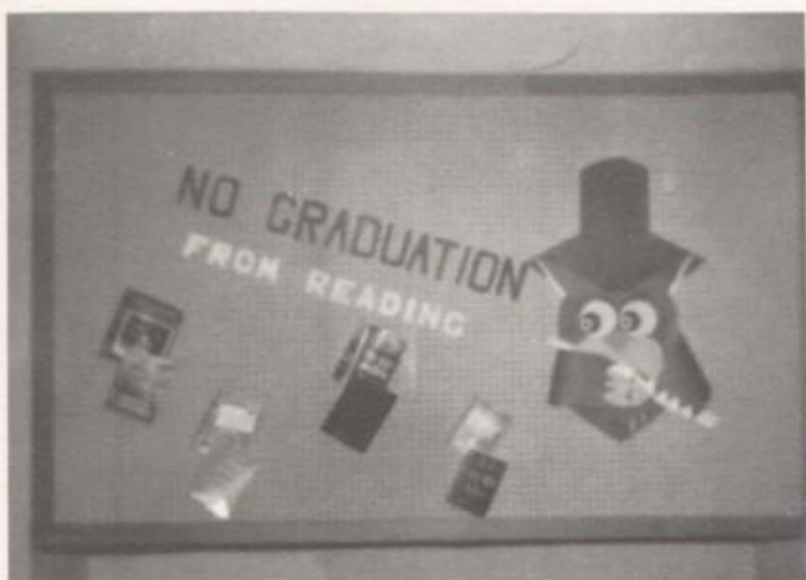

Mrs. Kolp expands the catalog with each new book order.

Library facilities offer the student an opportunity to broaden his horizons.

SELF-EXPRESSION PROMOTES SUCCESS

For everyone from a shoe clerk to an astronaut, a knowledge of our English language is most essential. In our scientific society, the ability of expressing one's ideas has become more and more important.

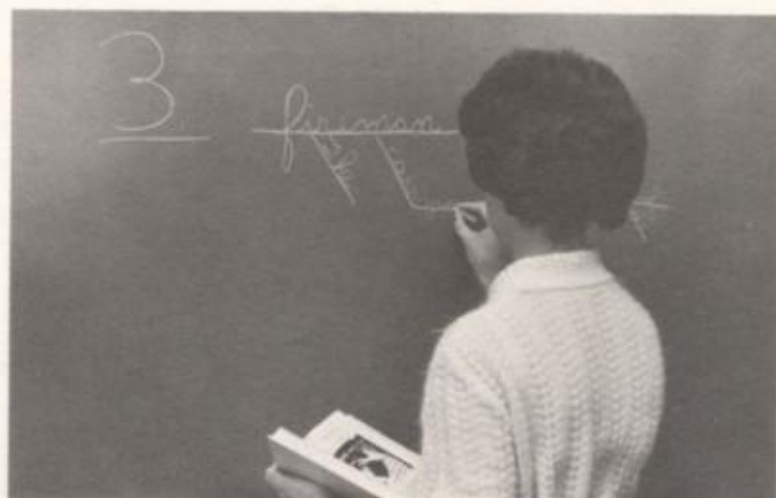

The English Department has recognized this need. Although grammar is still stressed, an understanding of American and English literature, past and present, and a study of both written and oral expression is required.

Reading—newspapers, magazines, books—is invaluable. These are a treasure of human knowledge and delight since the invention of the written word. With reading comes a knowledge of the world and its peoples. The importance of the English language is expressed by J. R. Whinnery's statement "... But even when a man is understood, no one—prospective employer, supervisor, customer, or group secretary—believes that a man is educated if his English is spattered with errors".

THESPIANS CULTIVATES DRAMATIC INTEREST

The National Thespian Society, under the leadership of Mr. Rex K. Spaulding, produced three one-act plays in December. Many members took part in this performance through acting, painting scenery, collecting props, or working with make-up. An initiation party for new members, production of a three-act play, and participation in a one-act play competition were later activities of the Society.

"Is that me?" Make-up artists create the play's personalities.

Perfection of the play depends upon close cooperation between director and performers.

Scenery and props committee members set the picture for the play.

Editors perform many tasks during the process of compiling the school paper.

Journalism students prepare the *Viking Views*.

"School life from the student's viewpoint" is the motto of the *Viking Views* staff. The journalism students have the responsibility of preparing and editing the school newspaper, which is published eleven times during the school year.

These students soon become familiar with style sheets, deadlines, and the Journalist's Creed. Not only do they learn journalism techniques and gain practical experience, but they also learn the importance of co-operation and acceptance of responsibility.

Reporters proofread copy before it is sent to the presses.

VIKING ORATORS ENCOURAGE EFFECTIVE

Judy Thursby and Doug Smith know that research is a prerequisite to quality debating.

Debaters present their case with poise and precision.

Mr. Jesse McDowell, speech instructor, this year was awarded the diamond key by the National Forensic League. The diamond key is the most sought after award among speech coaches; there are presently only 139 active diamond key coaches in the United States. Mr. McDowell's 1,438 NFL points put him at the top of the current list of coaches aspiring to this honor. In his 13 years at Hoover High, Mr. McDowell has coached one debate team to a state championship and several individual speakers to district titles.

Ready to substantiate their arguments with factual data are Reserve Team members, Evalynn Welling and Gwen Spence.

SPEAKING BY SHARING RHETORIC EVENTS

Participation in National Forensic League events promotes citizenship, leadership, and persuasive speaking.

The opportunity to compete in weekly speech tournaments necessitates hours of preparation involving research, organization, reasoning, and determination. Excellence of learning rather than the glory of winning is the goal which Coach Jesse McDowell strives to instill in all members of the League.

NFL members were concerned with three areas of speaking: student congress, debate, and individual events. Student congress offered the young legislator experience in discussing national problems and their possible solutions. Debaters concentrated upon the topic: "Resolved, that the United States should promote a common market for the Western Hemisphere." Students taking part in individual events plied their talents in dramatic readings and original speeches.

"How can you dare to make fun of me when my heart is broken?" Denise Carlisle exhibits her training in humorous declamation.

Original oratory is a challenge to Vivienne Martin.

Varsity debaters, Marty George, Roger Kolp, Beth Sponseller and Ann Gilbert, brought home trophies from tournaments held at Wooster, Central Catholic and Louisville High Schools. Roger was elected Best Speaker of the House at the fall Student Congress.

FOREIGN LANGUAGE STUDY EXPANDS

UNDERSTANDING

The study of foreign languages is a very important part of the curriculum of many high school students. Through language studies, students gain insight into the history and thought of the people who speak these languages, in addition to acquiring a new form of vocal and written expression.

Students are offered the opportunity to study Latin, German or French. The language laboratory provides means of studying and improving their vocal expression.

A German Club has been formed for students who have a special interest in that language and who wish to explore the language and the people who speak it more deeply than classroom time permits. The meetings are conducted entirely in German and include programs of skits, film strips, and speakers.

The mathematics departmental instructors have prepared a program to give a thorough mathematical background which not only enriches the mind, but also increases ability to do well in future courses. Each year is another step up the ladder of learning.

The freshman entering high school is most likely to encounter an Algebra I course. This is Step One. Plane Geometry in the sophomore year further develops the reasoning. Second-year Algebra, although an extension of the first course, broadens its content. For seniors, trigonometry and college algebra compose the standing course.

This year's Mathematics Club broadened its programs to give a greater number of students opportunity to learn more than the classroom sessions cover. Members of the club studied a variety of topics and were privileged to hear a number of mathematicians as well as club members who presented programs of mathematical interest.

INTRODUCES CONTEMPORARY THEORIES...

Chemistry students study the characteristics of the elements, changes that take place when these elements combine, laws of their combinations, and their behavior under various conditions. Class lectures provide a background of knowledge for the laboratory periods in which the students observe for themselves what they have studied. The essential test tubes, Bunsen burners, acids, and other chemicals lead to a better understanding of the many processes the world involves.

Classroom lecturing is the basis of scientific instruction.

Lab research verifies chemical laws and formulas.

IN THE OBSERVATION AND CLASSIFICATION

How or why does something happen in our everyday world? What is it like out in space? What is happening inside the atom? These and much more are explained in physics. Through lectures and movies the students of practical and PSSC physics are instructed in the principles governing the basis of these questions. After approaching a problem from the theoretical standpoint, the physics student goes into the laboratory and tests the principles, thus giving himself assurance in what he knows and perhaps arousing a curiosity which will lead him to ask more questions, thereby finding more answers and more knowledge. Although the physics student of today may not be the physicist of tomorrow, the knowledge gained in this course is invaluable in developing the thinking of tomorrow's citizen.

The freshman receives his basic introduction to the many wonders of science through the general science course. In this age of nuclear energy and space exploration, science has come to be an important part of each person's daily life. General science gives the student a basic knowledge and understanding of the materials and forces which make up this life. That which he has taken so much for granted suddenly becomes complex and mysterious. He finds himself asking "What? Why?" As the freshman student progresses, he finds the answers to many of his questions, but these answers are very likely to bring up more questions, which will urge the curious and the thinking student on to the more technical fields of biology, chemistry, and physics.

April 3 is a memorable date—seniors stepped into adult positions throughout the city and school system.

Young politicians form and participate in state and local government while at the annual sessions of Ohio Girls' and Boys' State. Hoover representatives: Donna Harrison, Janet Berkebille, Jerry Eck, Roger Kolp, Susan Hendershot, and Ed Piper.

Democratic living is displayed at Hoover High election polls—an activity conducted by the American Government classes.

The hope of tomorrow is a well-informed youth of today. In this world of change the uninformed is easily swayed by sentiment and propaganda which may make him a contributor to disaster before he realizes what part he has played. Through the program planned for the Social Science Department instructors endeavor to equip the student with a knowledge of the past and present and to help him gain an insight into the future so that he may make an intelligent contribution to society.

The study of world history, American history, and American government gives the student a survey of human progress and the government of our nation. As a result of this study he may more thoroughly realize his role in life and meet his challenge as a citizen.

Commercial Department students are under the instruction of Mrs. Joyce Scott and Miss Hazel Kronk who are not only trained as commercial teachers, but are also experienced as office employees.

The program planned by these instructors is designed to develop skill and efficiency in students who plan to enter offices immediately following high school or continue training in schools of advanced learning. A complete business machines course is offered as well as the non-machine courses of book-keeping and shorthand. Practical experience is provided for students through projects typical of work required in an office. Another major part of the course is the self-improvement unit which trains the student in proper library research methods and presents projects aimed to develop desirability and efficiency in secretaries.

Shirley Moegling develops her skill in the use of office equipment.

BUSINESS INVOLVES SPECIALIZED TRAINING

"Me? . . . A secretary!" Although all students in the Future Secretaries Club do not plan to become secretaries the Club fosters an interest in the profession as a career and provides information in various areas of office work.

A highlight of the Club activity was the February meeting. A panel composed of professional men, including a lawyer, doctor, dentist, engineer, and personnel manager, discussed the duties of a secretary in their respective offices.

Climaxing the year, Secretaries Week was observed by the members of the department during which week each senior member dressed in office attire. At the end of the week the girl having displayed the most effective secretarial attributes was judged secretary of the week in the local organization.

PREPARE DRIVERS FOR HIGHWAY SAFETY

The goals for the beginning driver are mental alertness and physical know-how. To help students gain these objectives, Mr. Hoffer and Mr. MacDonald offer the combination of classroom instruction and actual driving experience. A student is soon impressed with the necessity for knowledge of driving regulations and of cars, along with a wholesome attitude toward driving. Upon completion of the course, the student is prepared to pass the driver's license examination and to take his place on America's highways.

HOME ECONOMICS . . .

The Home Economics Department's three faculty members present a program which gives students practical experience in the study of foods, clothing, interior decorating, home nursing, and family living.

As a member of the foods classes the student studies various phases of foods, consumer buying, meal planning and serving, nutrition, and entertainment.

Students enrolled in clothing classes learn to recognize and evaluate fabrics, as well as to know sewing techniques, styling, and personal grooming. Interior decorating, home nursing, and the family living courses are offered in junior and senior years. The practical knowledge gained in these classes is helpful in preparing girls to accept their responsibilities.

INDUSTRIAL ARTS . . .

The Industrial Arts program includes four basic areas of training: woodworking, machine shop, drafting, and printing. At the freshman and sophomore levels students are offered one semester each of woodworking and machine shop. In the woodworking department the student is offered an introduction to power tools and cabinet construction. In the machine shop students gain knowledge and skills in working machinery, sheet metal

work, and various types of welding. Two years of drafting and mechanical drawing are offered to students at the sophomore, junior and senior levels. Printing is offered to juniors and seniors. The printing classes perform many services for the school through the use of their knowledge of the letter press, block printing, offset, and silk screen methods of print.

Back and leg muscular control is accomplished through proper exercise.

Gym class is the "pause that refreshes" to many active Hoover High students. This year freshman and sophomore girls played all the popular sports, limbered up doing exercises, and folk-danced.

Keen competition describes the physical fitness program undertaken in January. For three weeks 250 boys practiced such feats as jumping jacks, push-ups, and 300-yard runs. Final scores and ranks put Greg Brown at the top of the list with a score of 542.

Health is a required course for all freshmen. Classes taught by Miss Shoemaker, Mr. MacDonald, and Mr. Hertler included the study of grooming, first aid, anatomy, and physiology.

"Feet on the deck! Lean forward! Chests high!" These words preluded each rehearsal of the A Cappella Choir. Director Martin P. Alexander led the 70-voice choir through a labyrinth of oratorios, cantatas, contrapuntal music of the sixteenth century, and contemporary composition.

The Choir hummed with busy activity during the Christmas season: singing Christmas carols under the Hoover Company's giant lighted tree—competing with buses, car horns, policemen's whistles, as they sang carols on the square in downtown Canton — blending their voices in the annual candlelight Christmas concert — waiting silently in the dimmed school auditorium for their turns to rehearse on stage; all these experiences will bring to mind many happy memories of Christmas 1962.

For the Lenten program the choristers performed Haydn's "The Seven Last Words of Christ". The fifth annual Spring Sing in May climaxed the choral year.

HARMONY AND RHYTHM PREVAIL IN MUSIC

Accompanists, G. Grametbauer, S. Trier, M. Hostetler, and J. Hoke devote hours of behind-the-scene practice for a performance.

Glee Clubs took their audiences on a tour around the world as they performed in the Spring Sing, Christmas, and Thanksgiving concerts. These choral groups were composed of approximately 200 sophomore, junior and senior girls.

Paris, Germany, Japan, Hawaii, Canada, New York City — these are but a few of the scenes of adventure and fun the choirs visited in song as they traveled "Around the World in 80 Days" for the fifth annual Spring Sing. Planned by a committee of juniors and seniors, the event was the result of much collaboration on the part of student directors, choreographers, artists, and writers, as they worked under the supervision of the vocal director.

Glowing candelabra set the mood

Members of the Sophomore Mixed Chorus are in their second year of high school choral training and are looking forward to replacing graduating A Cappella Choir members.

This chorus took part in both the Christmas concert and Spring Sing program presented by the vocal department.

Students enjoy the privilege of organ lessons.

Behind every good voice there is training. Over one hundred Freshmen underwent basic training in the Mixed Chorus.

The chorus is strictly a preparatory group. Reading and the fundamentals of music absorb most of their rehearsal periods.

The Freshmen made their public debut at the annual Spring Sing.

MUSIC PERMEATES THE ATMOSPHERE

Rousing rhythms cutting through the crisp night air, familiar school songs played with enthusiasm — this pictures but a fraction of the tremendous part the band played in enriching the entire school year. This year's music-makers, ninety-six strong, proudly displayed their attractive new uniforms in the Thanksgiving Day Parade in Detroit. After this grand finale to their outdoor marching, the band came indoors to begin the long hours of preparation for their many projects planned for spring. On the agenda for February was the annual Thank You Concert, followed by a performance for the Stark County Music Association, and a presentation for the student body. Climaxing the season was the long-awaited Band Prom, with the Spring Concert marking the end of a successful year.

TRIP TO DETROIT THEY EARNED IT

"Detroit, here we come."

It's last minute touches for the big parade.

The hotel feast took the place of Thanksgiving dinner at home.

Marching Band received the honor of being one of the two out-of-state bands selected to march in the Detroit, Michigan, Annual Christmas Parade on Thanksgiving Day. The trip was made possible mainly through the efforts of Mr. Hafer and the band members who sponsored car washes to raise funds for their excursion, and through the co-operation and generosity of several local firms and civic organizations.

The three-bus caravan of musicians and instruments left the high school on Thanksgiving Eve amid cheers from excited parents and well-wishers. Six hours later the band members were warmly greeted at a Detroit hotel where they climaxed the day with an inspiring Thanksgiving program and a dance in the ballroom.

The long, wearisome hours of practice and preparation resulted in a truly magnificent reward the next morning as the band triumphantly marched before some 35,000 spectators and flashed across millions of television screens throughout the nation.

Following this excellent representation of our school, the members of the band returned to the hotel for a delicious Thanksgiving dinner, to replace the one being missed at home. Following a brief tour of the area, the band started homeward, weary, but well worthy of the pride that swelled within themselves and within the friends awaiting their return.

"Oh, they're coming now." 1962 Detroit Christmas parade.

ORCHESTRAL TONES CREATE HARMONY

The student body enjoyed their performance in February.

Music is the gentle beat of the great heart of the world. The music of the orchestra was the gentle beat of the great heart of Hoover High School.

Thirty-five musicians merged their separate skills and personal interpretations, resulting in harmony.

Mozart, . . . Bach, . . . Chopin, . . . Anderson, . . . Rodgers and Hammerstein—these familiar composers put their music on paper; the orchestra's strings, woodwinds, brass, and percussion made it live once again as they performed for the North Canton Music Association, the student body, and other audiences.

Sophomore Russell Hills was chosen to play French horn in the School Band of America. This band of 75 members, ages 15-21, will present concerts in England, Belgium, Germany, Switzerland, Italy, Monaco, France and New York. Russ also plays trumpet which he has studied for five years.

The Hoover High Vikings began the season with victory and ended the season with defeat. The Viking's stout defense was sufficient to offset a lack of offensive punch during the first four games, as the defense allowed the opponents an average of less than two points per game. In the fifth game, however, the Viking defense was unable to contain a powerful Louisville offense. The team then managed to muster only one victory and one tie in the remaining five games.

Fumbles, mental errors, and injuries plagued the varsity squad during the season. However, the team displayed the desire and talent which has been characteristic of North Canton teams year after year.

Coach Hertler, in his third year as head coach of the Vikings, was assisted by backfield coach, Gordon Knisely, and line coach, Dick Armstrong. Mr. Hertler pointed out that the team reached its peak in the Wooster game, the fourth game of the season, but then failed to improve as the season progressed.

Four boys were honored at the annual banquet for their outstanding efforts on the gridiron: offensive lineman, Jerry Eck; defensive lineman, Bill Bortz; offensive back, Bob Smith; and defensive back, Jim Hargrove. Smith was also given honorable mention on the All-County team. Eck was honored by being named to a guard position on the All-Country Second team.

The Viking Reserves, coached by Mr. Robert Kistler and Mr. Jack Yost, played a full schedule of games this year, including a game against the Lake Varsity. The team composed of sophomores and juniors ended the season with a commendable record of 6-2-1.

A narrow 8-6 victory over the taut Massillon Reserves highlighted the season's success. The caliber of football talent displayed by this squad indicated that Viking fans will be provided with outstanding teams in the coming years.

The freshman football coaches, Mr. Dan Gray and Mr. Paul MacDonald, were pleased with the large turnout of boys for the freshman squad this year. The boys worked hard learning and practicing the fundamentals and skills of good football. Extensive training in the early years is one of the keys to successful Varsity teams. HARRIERS WRITE HISTORY

A good warm-up is essential to top performance.

Russ Dunmire paced the harriers again in finishing seventh in the district meet.

The Viking Harriers, having had many lettermen return from the 1961 season, completed the best year in their history, with an 11-4-1 record.

Russ Dunmire, three-year letterman, led the team to numerous victories. He placed seventh in the District Meet, then qualified to participate in the State Meet. Coach Paul Barrett felt that the Viking victory over Akron East, who placed second as a team in the District Meet, highlighted the season.

Competition is fierce at the finish line as runners vie for position.

Half-time provided a chance for the team to regroup and regain the strength to fight on toward victory.

Dick Ballard jumps one from the side before a standing-room crowd at the Lincoln game.

Invaluable, but often unnoticed, assistance was given by a competent staff of managers: K. Oberlin, J. Waddell, M. Dornhecker, L. Jackson, Absent: D. Alberta.

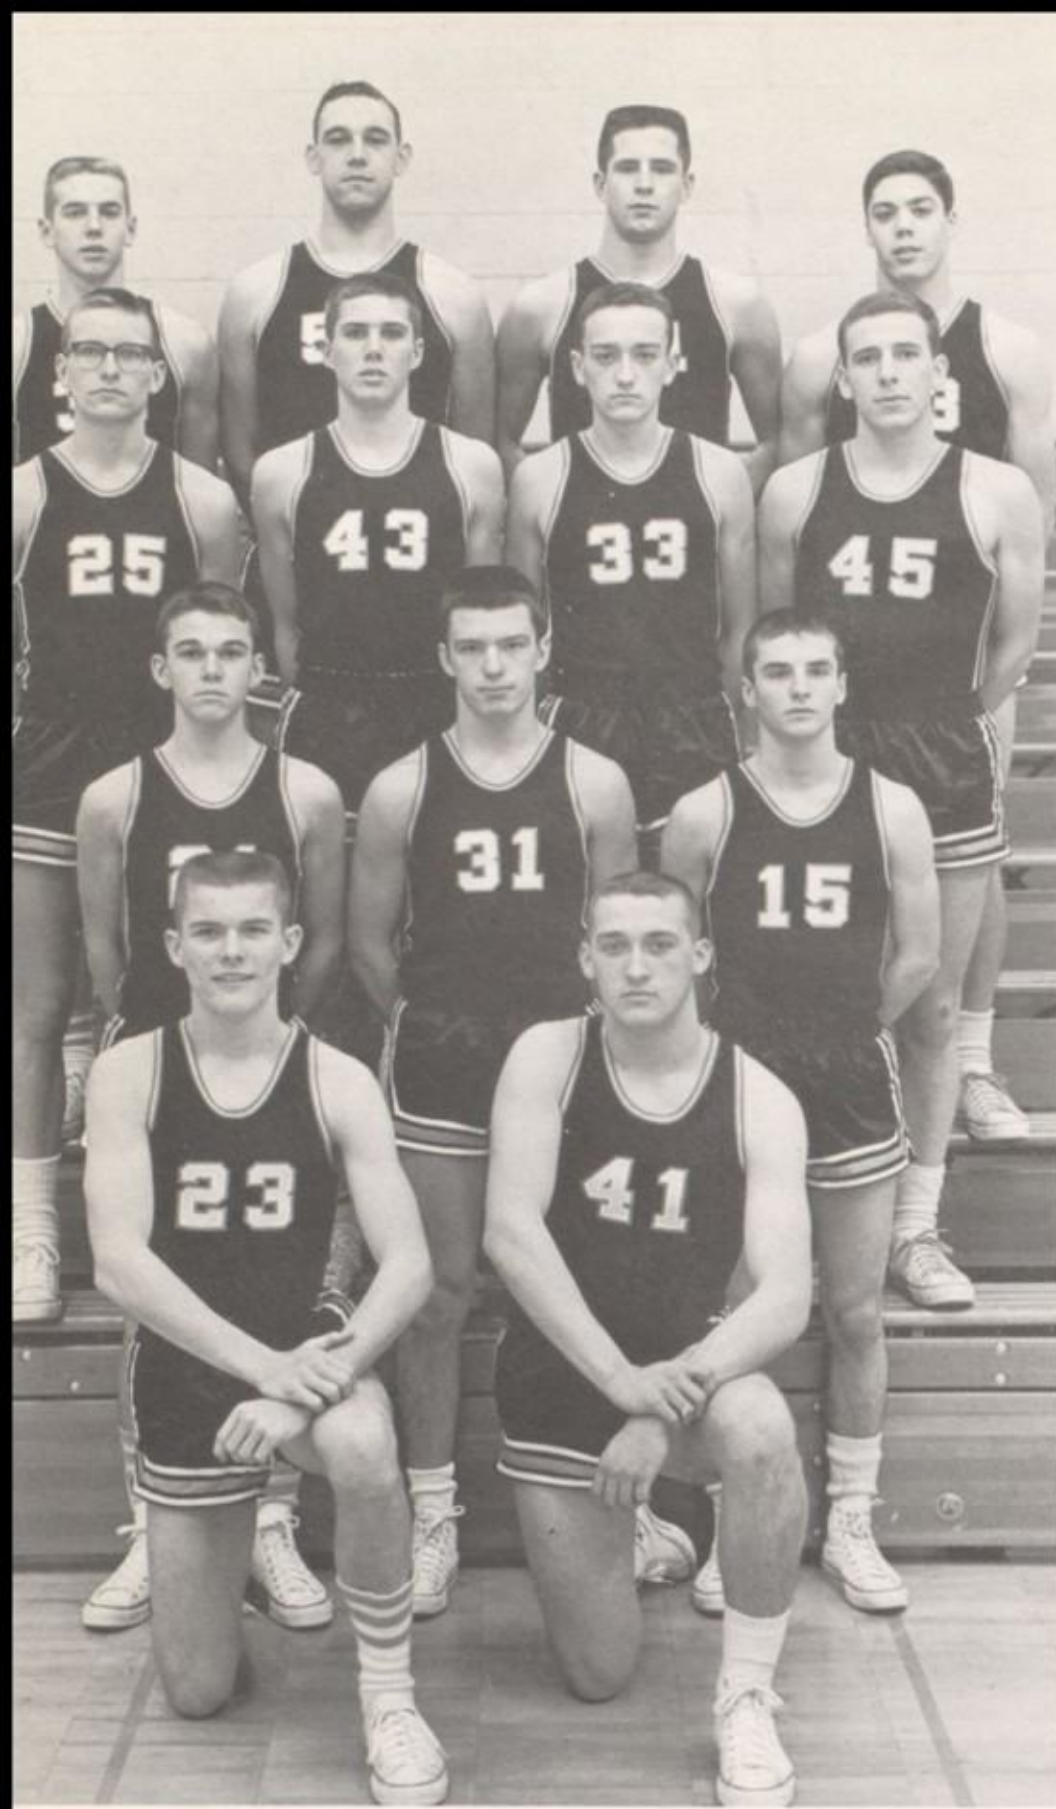

The Viking Varsity opened its season by defeating the Louisville Leopards and ended by dropping a heart-breaking overtime decision to the same team. Such was the Varsity's fate throughout the season. Victory and defeat mingled in such a way that no clear-cut description of the team's successes or failures could be made. In one game the squad displayed the ability and desire of an unbeatable power-house; in the next they suffered humiliating defeat at the hands of a hot-shooting foe.

Dick Ballard, 6'6" forward, a top scorer in the county improving with each game, suffered a back fracture early in the season. Lee Snyder and Gary Neuman were sidelined by injuries at various stages of the season. The net result of these and other factors was that the Vikings were unable to reach their potential strength.

The hustle and desire displayed by the cagers, coupled with their individual strengths, gave Hoover plenty to cheer about. Craig Erbland, the squad's leading point-maker with an 18.9 point average, was named to a berth on the All-County second team.

Next season Coach Knisely will be faced with the job of building a new team from this year's reserve squad due to the loss of ten graduating seniors.

Coach Bob Kistler, in his second year as Reserve mentor, guided the squad to a second consecutive 14-4 season record. The boys made up for a lack of height by their desire and hustle. Taller boys repeatedly succumbed to the hard-pressing attack of the scrappy Viking quintet.

Several different player combinations were employed by Coach Kistler, and they all proved successful. Thus, a number of boys were given the opportunity to prove themselves and gain valuable experience. Lon Gaumer, who led the team in scoring, emerged as the outstanding individual performer. However, several other boys displayed the ability and desire to successfully move up to Varsity competition.

Coach Bob Kistler takes time from regular practice to discuss the previous game with his players.

Reserve cagers battle under the boards for the rebound.

Coach Ted Brown considers strategy during a timeout in a freshman scrimmage.

Under the tutelage of Coach Ted Brown, the Frosh compiled a commendable 12-4 record. After dropping three of their first four contests, the team "came to life" and rolled over eleven of their next twelve foes. Included in this number were victories over all three of the Canton city schools which were unfortunate enough to play the high-flying Vikings.

This year's squad possessed a wealth of height and talent, with several boys measuring more than six feet tall. Greg Gray and Mark Stevens led the team in scoring. Several of the team members are expected to move up to Reserve or Varsity competition next year.

CHEERLEADERS - WE LOVE 'EM!

Cheerleaders were faced with the difficult task of maintaining the traditional school spirit through defeat as well as victory. The true test of a student body's spirit arises when its team is subjected to defeat. There were times during both the football and basketball seasons when this was the case. Under the leadership of freshman, reserve, and varsity cheerleaders the students provided the teams with enthusiastic support at all times.

The cheerleaders were kept busy throughout the year planning pep rallies, the athletic banquets, and Booster Club activities. They also directed the student project of poster-making prior to games.

To this group of dedicated girls and their adviser, Miss Dawn Shoemaker, belong the gratitude of the entire student body.

Intense action holds the cheerleaders spellbound.

WRESTLERS COP DISTRICT TITLE

Records achieved by this year's wrestlers proved to be one of the bright spots on the athletic scene. Only four lettermen returned but as the season progressed the underclassmen showed marked improvement which, when combined with the consistent performance of the veterans, proved to form a strong unit.

In tournament competition the Vikings toppled the defending district champion, Canton McKinley, by amassing a total of 45 points. Four boys qualified for the state meet by placing high in their respective weight classes.

Harold Hughes (103 lbs.) and Keith Hickman (175 lbs.) snared district championships, and Mark Carle (127 lbs.) and Craig Mason (133 lbs.) placed second.

Gary Neuman demonstrates that extra effort, a key to success.

The pace-setting 880-yard relay team is composed of Jerry Eck, Ken Bricker, Gary Neuman, and Jack Smith.

Jerry Eck, a vital member of the three record-setting relay teams, explodes from the starting blocks.

Randy Hilscher displays the form which netted him a school high jump record of 5' 10".

The 1962 Viking cindermen broke numerous school records, took first place in the Canton Twilight Relays, and placed a close second in the North Canton Invitational. These accomplishments highlighted the season for the new head coach, Paul MacDonald, who was assisted by coaches Bob Kistler, Paul Barrett, and Tom Mollett.

The District Track Meet is held annually at the North Canton Memorial Stadium. This meet involves forty-six teams, and over 600 participants. North Canton's mile relay team, composed of Jerry Eck, Ted Kazleman, Russ Dunmire, and Gary Neuman, qualified to participate in the State Meet. Gary and Ted also qualified in the broad-jump and 880-yard race, respectively.

Individual performances accounted for six new school records. Gary Neuman, Viking standout, helped establish four of these records. Gary set two individual records, running the 180-yard low hurdles in 20.3 seconds, broad-jumping 21 feet 2 3-4 inches, and was a member of the record-breaking 880-and 440-yard relay teams. Both were composed of Jerry Eck, Dick Snyder, Jack Smith, and Gary Neuman. Other records were set by Randy Hilscher, who cleared 5 feet 10 1-4 inches in the high jump, and Ted Kazleman, who ran the 880-yard race in 2:00.4 minutes.

COACHING STAFF: Head coach, Paul MacDonald (left) in his first year as head mentor, and assistant coaches Kistler, Mollett, and Barrett.

Maruna, D. Anderson, M. Keyes, J. Painter, D. Anderson, S. Williams, L. Gaumer, Coach Knisely. Absent: D. Snyder.

Coaches Hertler and Knisely directed the 1962 Viking baseballers to a commendable 14-7 record during regular season play before bowing to Perry in the tournament.

Denny Anderson led the Viking hurlers in posting an 8-0 record on the mound, including two one-hit performances. He received the Most Valuable Baseball Player Award at the annual Spring Sports Dance.

Several outstanding performers are slated to return for action next season.

Craig Erbland stretches to complete another successful put out at first base.

All attention is focused on the ball as Mike Keyes awaits delivery of the next pitch.

Viking bench follows the action with varied emotions.

Tim Schiltz, returning letterman, tees off.

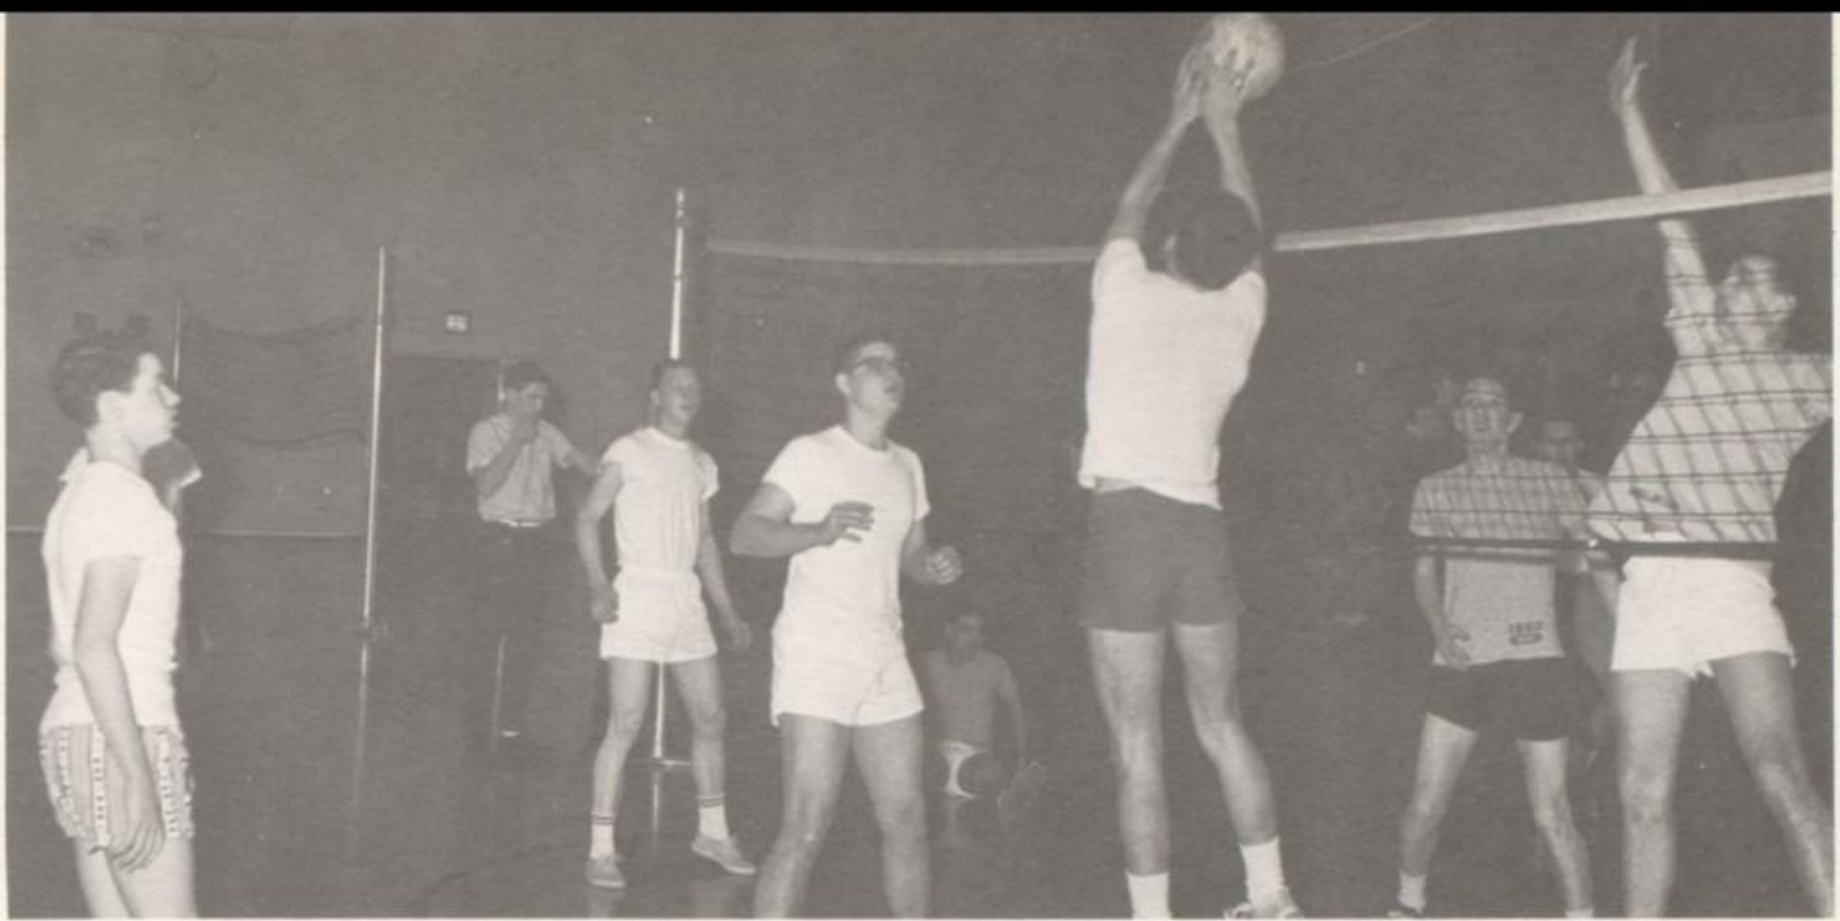

Greg Weida blasts onto the green.

Under the guidance of Coach Dan Stoica, the Viking golfers compiled a commendable 11-6 record for the 1962 season. Returning lettermen Terry Reed and Tim Schiltz provided a fine nucleus for the young team. Because the team consisted entirely of sophomores and freshmen, the Viking linksmen are looking forward to continued success on the fairways.

Volleyball emphasizes team play.

INTRAMURAL ATHLETICS

Don Alberta appears confident that Paul Tikva will bag two points with his "soft touch."

Ned Selinsky and Larry Jackson are pitted against one another in heated action.

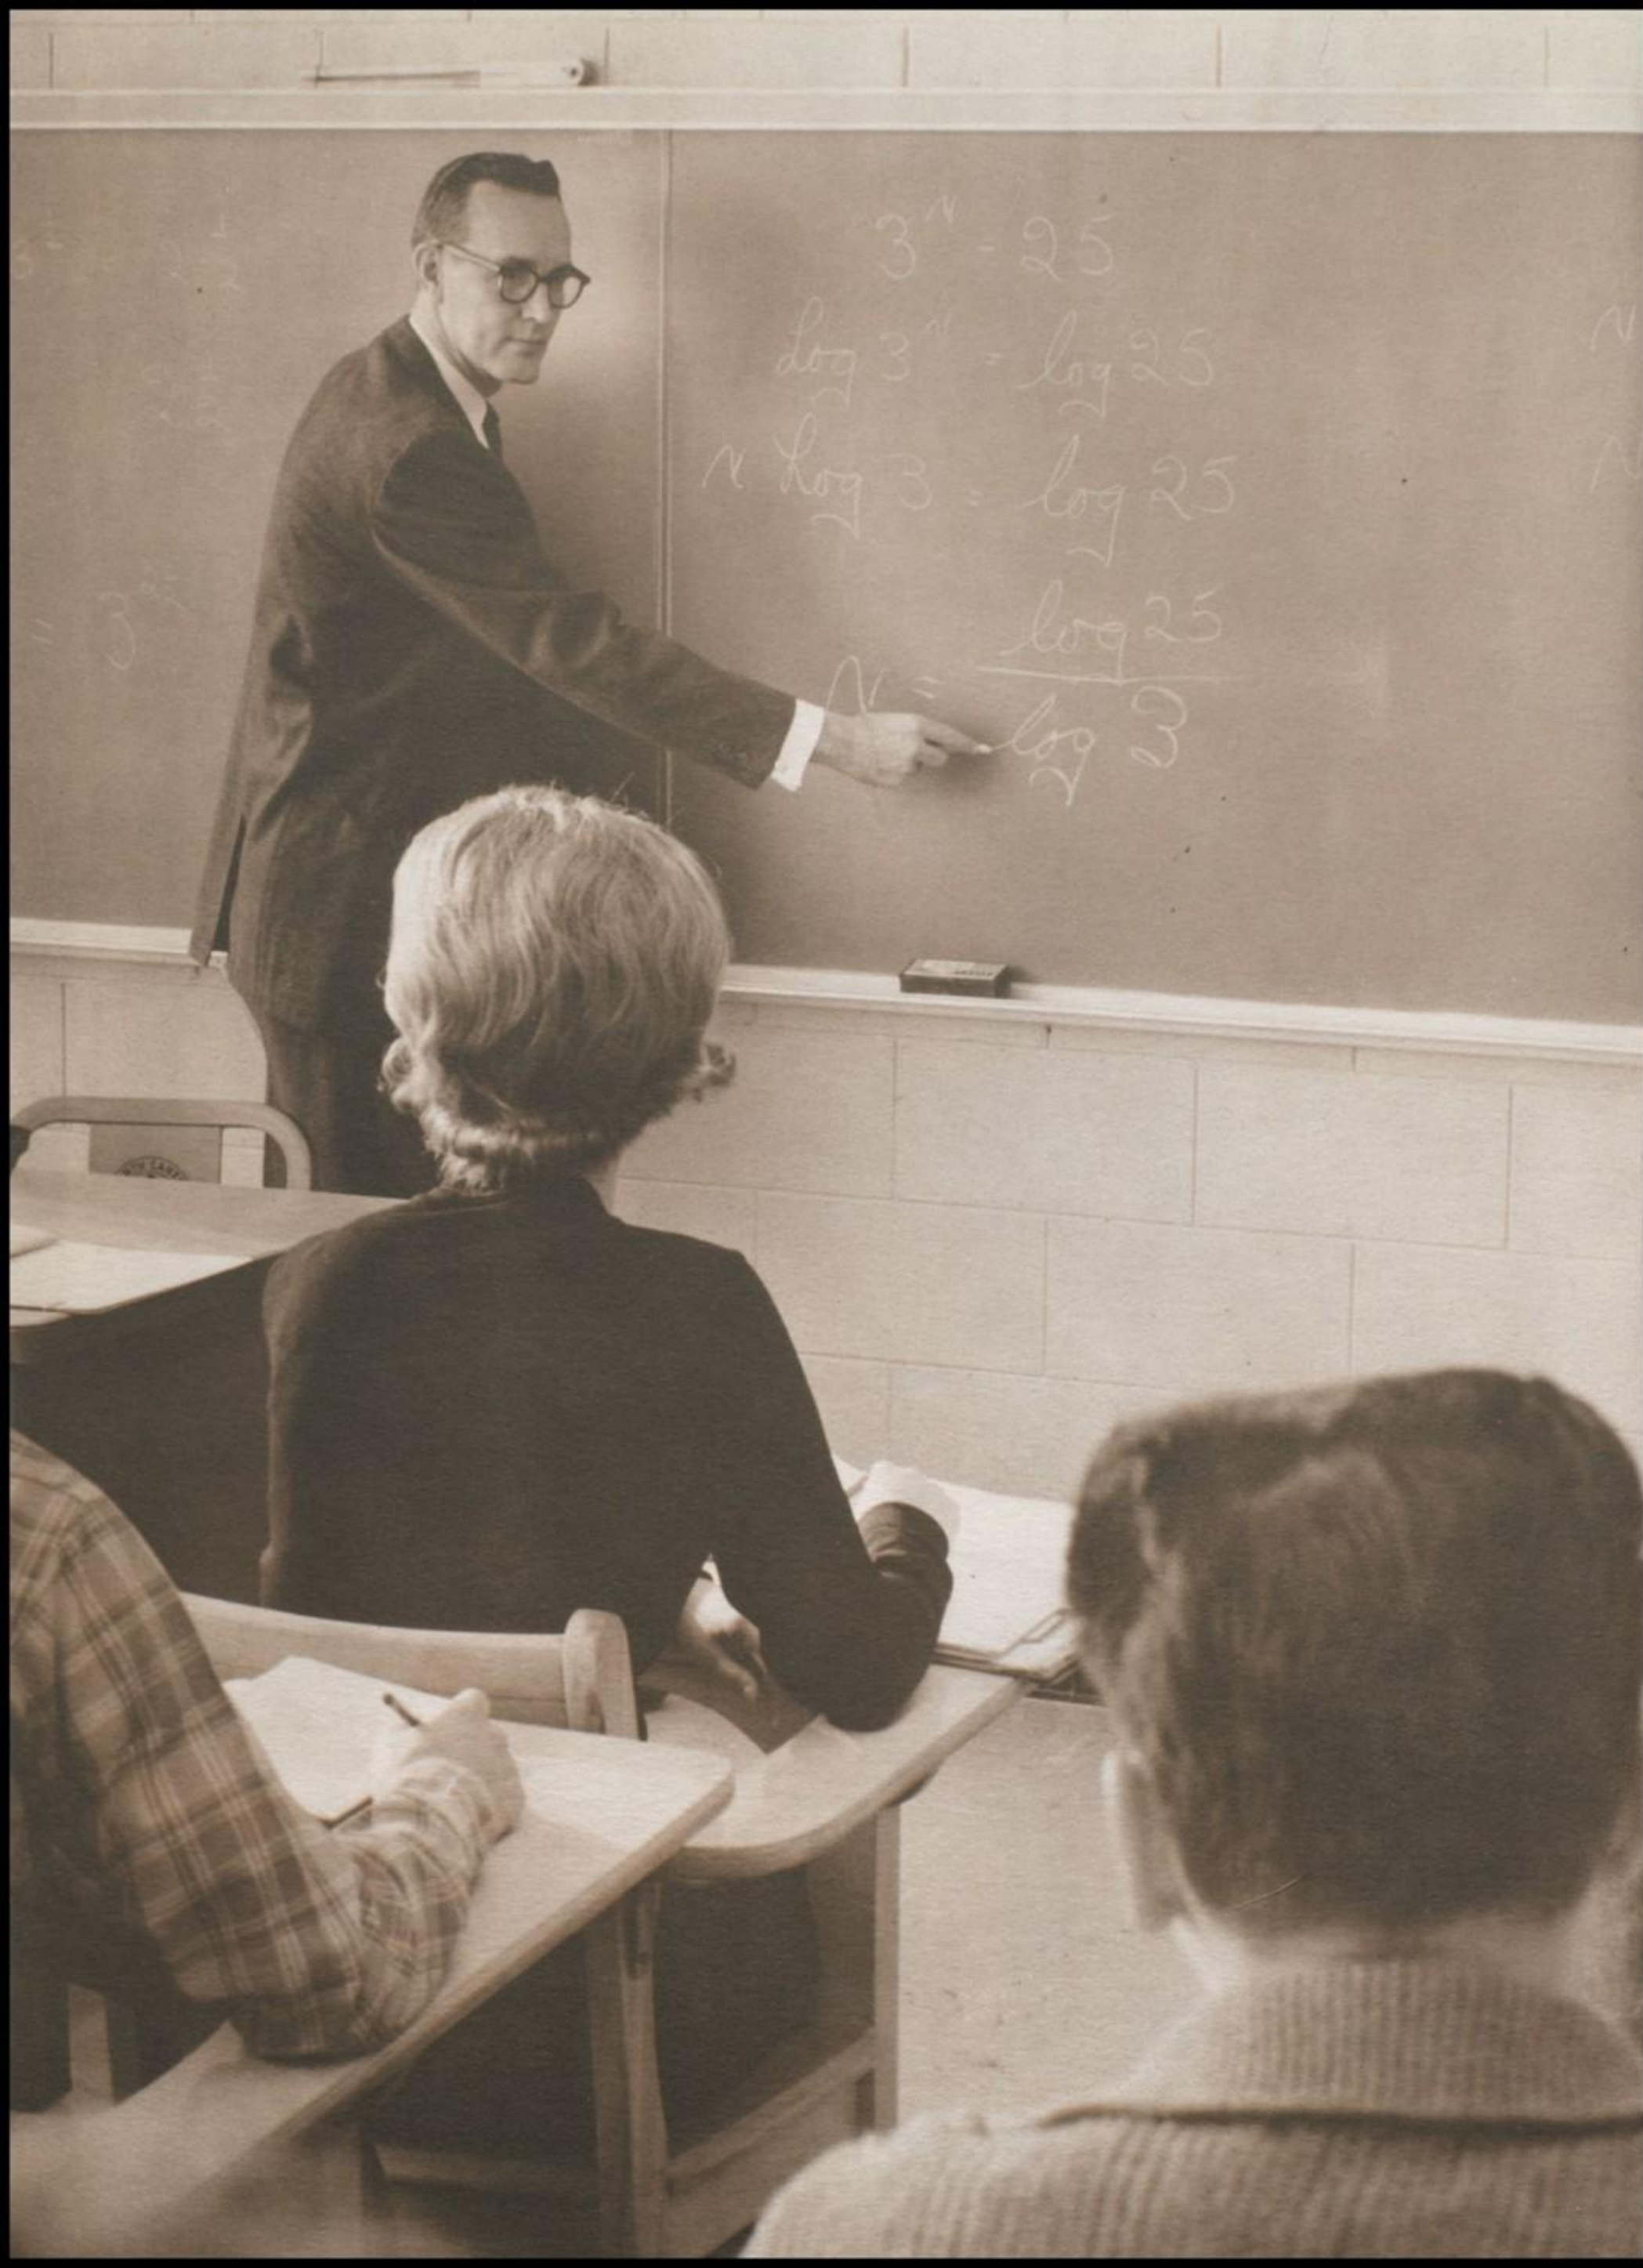

"Can't you move the net, boys?"

Approximately 140 boys and girls participated in the Intramural Program held during the two lunch periods.

The activity was designed especially for those who were not taking an active part in other competitive athletics. The physical education instructors and Mr. Tom Mollett were adult directors who selected student leaders to organize and officiate the complete program.

Volleyball and basketball were the two sports included in the intramural activity for both boys and girls. Boys' games were scheduled daily except Thursday when the girls' competition was planned. Although the participants lacked the co-ordination and experience of trained athletes they gained from the team play and provided their fans with entertainment.

*All we thought, and did, and said
Comprised the spirit of classes.
These are the friends, and these the faces,
That we will remember and hold dear
No matter how far we may be from Hoover High,
In distance or time.*

*These were the elements of our good times—
The classmates we worked with,
And talked with, and joked with—
And these we will recall fondly throughout life.
All of the fun and excitement and laughter,
All of the work and frustration and tears,
Now blend together in a haze
Of bittersweet years and warm memories.*

*We stand suspended
On the rim of the future . . .
It is time now to move on,
On to new companions and new horizons.
But before stepping forward
Let us, just once, look back
At the spirit of*

"V-I-C-T-O-R-Y is the freshman battle cry!" When we first attempted this cheer, we sounded feeble, but our cheering improved as we began to feel at home in our new school.

The class of '66", with an enrollment of 323, is the largest ever to roam Hoover's halls. Our spirit and cooperation are evident in both scholastic and extra curricular activities. We are all proud to bear the name "Vikings", but most of all we enjoy just being a part of Hoover High.

SOPHOMORES

When the Class of '65 entered Hoover as freshmen its members were filled with both anxiety and eagerness. This apprehension was soon overcome, though, as we accustomed ourselves to high school life.

This year, as sophomores, we have a better realization of what high school is all about, and what is expected of us. We have learned that school cannot be all fun, and that we must pursue our studies with as much energy as we do our outside activities. Our class has maintained the Hoover tradition of excellence both scholastically and in extra-curricular activities.

We of the Class of '65 look to the future and hope that our remaining years of high school may be as worthwhile as the past have been.

IT HAS BEEN AN EVENTFUL FOUR YEARS

Senior class officers are Tom Maruna, president; Nancy Jo Williams, secretary; Jerry Eck, vice president; Jack Patterson, treasurer; Bob Tuckey, historian.

Our four years at Hoover High have gone much too fast for most of us. Even though our courses and interests have been many and varied, we have been a unified class.

In the academic as well as extra-curricular fields our class members have excelled, and the records we made will be long remembered. Our teachers and advisers have been invaluable. They have supplied us with the interest and drive we have needed.

In May of 1963, as we walk down the aisle to graduation and as the diplomas touch our hands, a whole new era of life will come to us. Our futures will unfold before our very eyes, but our years of preparation at Hoover High will never be forgotten.

*Throughout our endeavors
To produce this book of memories,
There were many who helped us when we
 Could not stand alone . . .
Many who extended a strong hand to lead
 Us onward*

*When we saw no way to go.
Through their aid, they gave us strength
By giving us that bit of much-needed support
We could not have done without.
Through their aid, they showed their
 Faith in us as young citizens;
And, sparked by that faith, we went on
To meet the challenge set before us.*

*To these who were so willing to help,
We dedicate the following pages
Given in the spirit of*

WHAT IS THE BEST contribution the people of America can make to the world at large? Is it not assistance for economic growth and industrialization, help toward a higher standard of living so that the desire of people everywhere for freedom can be realized? American know-how can go far toward helping the struggle of others to rise out of privation and live abundantly in full freedom ... "know-how" in engineering, the sciences, in industry as well as in our own unique background of democratic institutions. And it is to the graduates of our schools and colleges today that we must look for those who can and will lead tomorrow in this collective journey toward freedom.

The Hoover Company, like many American business firms today, provides jobs and opportunities, goods and services for people in many countries of the world.

The Grasshopper and the Twig

TO the bulging eyes of the grasshopper it was just a spray of green young twigs, full of sap and spring.

The next instant one of the twigs lunged forward. The 'hopper was clamped in a pair of vise-like arms. The Praying Mantis, twig-shaped hunter of the insect world, began to dine.

Natural camouflage is not restricted to insects. Human "twigs", too, disguise their deadliness. Communists look and act and talk just like other people.

If we as individuals cannot penetrate the Communists' disguise, how can we possibly combat them?

The answer is so simple it is widely ignored. We can keep them out of positions of trust, where they can really harm us—simply by being *in* those positions of trust ourselves.

It means that many more of us must make the same kind of extra effort the Communists willingly make. It means ordinary citizens getting into active politics, joining civic organizations, doing the jobs the Communists would *like* to do.

It means work, no two ways about it. But if true Americans don't do it, Communists gladly will.

And it's work by which we could provide a powerful defense against our perfectly-disguised enemies, the Communists.

Congratulations, Class of 1963-

Some of you are job bound, for others, college or military service.

For those of you who will become engineers — great opportunities exist with those companies which are contributing to the industrial and technological growth of the United States.

If your interests lie in construction, you may find your opportunities with Macomber.

PERSONNEL SERVE

The cafeteria workers, the custodians and the bus drivers provide a healthy, clean environment for us. Nutritious meals and a well-kept building are essential in maintaining a satisfactory, orderly school life. Our service personnel has proved invaluable to us as a necessary part of the encouragement of learning.

The bus drivers who convey Hoover students to and from school are, left row: Dorothy Mortimer, Eart Paige, Franklin Stephens, Alden Warfield. Right row: Helen Rudersmith, Iona Allen, Lloyd Doerschuck, Joseph Bundy. Absent: Earl Myers, Paul Vendetti.

The custodians who keep our school in working order are Lowell Kreiner, Dick Miller, Charles Thurman, Russell Renner, and Ken Willaman.

Um-m-m! Spaghetti for lunch, served by Ruth Stayer, Ruth Cavalier, Dorothy Randall, Reba Moegling, and Dorothy Williams, manager.

Mrs. Martha Hammack,
Adviser

The Viking staff began its work last spring under the direction of their adviser, Mrs. Martha Hammack. Their ideas resulted in countless hours of planning, designing, writing, typing, and picture-taking. The frustration and labors of the staff have resulted in this completed annual, a printed reality.

Members of the book sales staff have worked directly with you, the owner of this book, to give you a lasting remembrance of your school year.

The business and advertising staffs have worked under the guidance of their advisers, Miss Hazel Kronk and Mrs. Anne Berkebille. They have contributed many hours toward making this Yearbook a financial success.

ABILITY IS OUR LIVELIHOOD AND OUR RESPONSIBILITY

Good yearbooks come from ideas which are transformed by careful planning and execution into realities. They require imagination, planning and ability. These are the resources we offer you in our complete yearbook service. Dummy layouts, graphic design and art, offset or letterpress printing, binding and cover composition. We also provide creative photography as an optional service under separate contract.

Remember, a yearbook is the cabinet for treasured memories. Don't gamble on quality. Our ability is your safeguard of excellence.

The annual staff has worked toward the goal of making this yearbook a reality. Our efforts have been worthwhile, but there are many other people who have worked to make this yearbook possible.

Our special thanks goes to our adviser, Mrs. Martha Hammack, who has worked tirelessly with us, helping us by her experience with yearbooks. We also thank Mrs. Pauline Kolp, who did much of the typing for us.

We are grateful to Mr. Joseph Deorio, Jr., of the Consolidated Graphic Arts Corporation, who has worked with us in planning the layout and in suggesting ways of accomplishing our purpose.

Our gratitude also goes to Mr. George Engle, Mr. William Stoetzer, and Mr. Walter D. Troup for their outstanding photography and the S. K. Smith Cover Co. for the fine cover.

We have especially appreciated the co-operation and assistance of the administration and faculty throughout the year.

Through working on this yearbook, we, the *Viking* staff, have grown to understand the true spirit of Hoover High. We sincerely hope that what is found in these pages has given you a picture of that spirit.
